**“Cyber Security - Challenges & Opportunities of Digital World”**

**Saturday, 23<sup>rd</sup> February 2019**

**About Seminar**

Advancement in Technology helped mankind in all ways. Every innovation comes with risk factor which cannot be avoided but can be prevented to stay protected. In Today's digital world we are very much dependent on internet for our routine activities. The lack of awareness in people make them easy target for hackers. In recent few years to defeat unlawful activities in cyber space we require security professionals.

**Objectives Of The Seminar**

- To know current trends and Cyber-crime scenario
- To understand Cyber Law and IT Act
- To understand Role of forensics in Cyber-crime investigation
- To focus Cyber Safety Awareness
- To create Cyber literate society
