Counseling Baya Karve Kendra

MKSSS's Baya Karve women's study center

Baya Karve women's study center has proved to be a good medium for studying various women related issues and conducting specific developmental projects.

Objectives of the center are as follows:

- To create awareness about gender discrimination.
- To arrange a need based training program.
- To conduct study and survey in order to understand current problems of women.
- To develop library and documentation center;
- To run a family-counseling center.
- To provide counseling at school level.
